

CODE OF CONDUCT

CODE OF CONDUCT

Preamble

This code of conduct is based on the corporate values of KIRCHHOFF Ecotec SE, which form the basis of our company culture. These values influence our day-to-day behaviour.

The present code of conduct is a concrete supplement to them.

The code of conduct does not claim to be exhaustive. This means that there will always be a series of situations, where the guidelines are not sufficient and where the employees must rely on company values and common sense, or must ask for advice. This code of conduct applies to KIRCHHOFF Ecotec SE and the companies of the ZOELLER Group, FAUN Group and forms an umbrella for all other KIRCHHOFF Ecotec guidelines. The KIRCHHOFF Ecotec SE expects all employees at all levels and all individuals who operate in the name of KIRCHHOFF

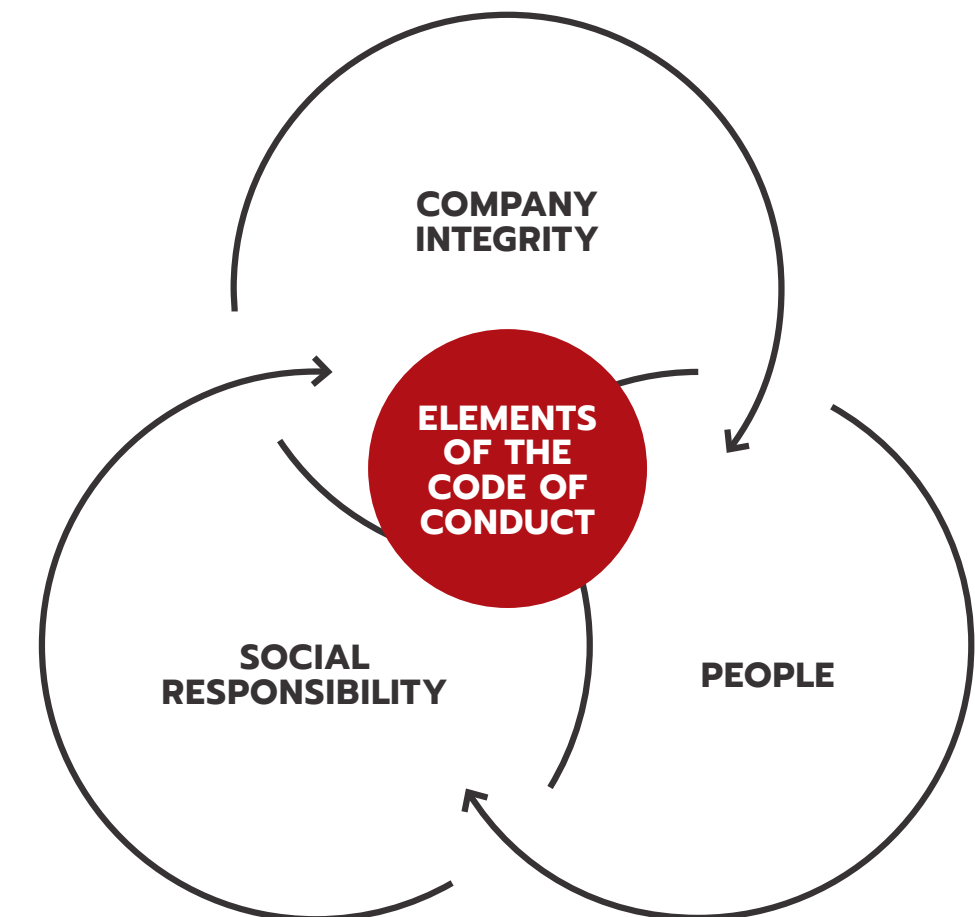

Ecotec, ZOELLER and FAUN, such as commercial agents, consultants and other business partners, to comply with the code of conduct.

If local laws or internal regulations provide more comprehensive guidelines with respect to KIRCHHOFF Ecotec SE than the guidelines given in the code of conduct, these take priority and must be observed. It is the **employee's responsibility** to know and understand this code of conduct and the laws that apply to carrying out his/her work activities, and to comply with these laws in word and spirit. All managers at KIRCHHOFF Ecotec Group set an example by behaving in compliance with the code of conduct. Managers are obliged to inform the employees under their supervision about the code of conduct and to support and monitor them in their compliance with the code of conduct.

If you have any questions or advice regarding the content, interpretation or implementation of this code of conduct, please contact your immediate supervisor.

Lack of compliance with this code of conduct will not be tolerated and may lead to disciplinary measures being taken by the employer.

All employees are required to take immediate action, if they are confronted with a breach of this code of conduct. Such cases can be reported to the employee's immediate supervisor or to members of the ethics committee.
