

Lifter 179

Commercial lifter

Lifter 179

manual lifter with pocket-pickup folding arms, unsplit lifting comb and MGB folding arms
ergonomically-arranged operating controls
lever operation
pivoting guide flap
hydraulically pivoting, unsplit container stop with lid-opener hooks

Lifter 179

Market sector

- industrial and commercial properties
- bulk-refuse collection

Container range

- MGB 80-340L EN 840-1
MGB 500-1200L EN 840-2 -Flat lid
MGB 770-1300L EN 840-3 -Dome lid
Bulk-refuse container 2,5-5m³ DIN EN 12574 -Pocket container Flat -/Dome lid
- special containers depending on model

Power source / Method of operation

- combined lifting/tipping movement via hydraulic cylinders and mechanical reversing levers
- active hydraulic container locking for lifting-comb pickup
- active lowering movement

Mounting

- integrated lifter (welded) for open tailgates acc. to specification complying with DIN EN 1501 for open lifting device
- special tailgate preparation required on RCV

Advantages

- large container range
- low rake rail allows ergonomic loading, comfortable handloading of sacks and bulk refuse

operating controls

active container locking

integrated folding arms

transparent cover plates

Lifter 179

Versions

- model versions with width-adjustable pocket-pickup folding arms for front bulk-refuse containers
- model versions with weighing / ident preparation
- model versions with DIN and/or special-container folding arms

Options

- central lubrication system
- etc.

ZOELLER-lifter

DELTA -2301

ROTARY III -2406

GAMMA -2349

OMEGA -249

Technik entscheidet

Technical innovations in sound high quality for maximum durability made ZOELLER the largest manufacturer of hydraulic lifting/tipping devices for waste disposal.

Five technically mature platforms::

- DELTA
- ROTARY
- GAMMA
- OMEGA
- MEGA

are the basis for a high degree of customer-oriented variants.

ZOELLER, as a turnkey supplier for rear loader type refuse collection vehicles, delivers on the basis of the following product lines:

- MICRO
- MINI
- MEDIUM
- MAGNUM

a unique range of body versions 2-31 m³.

The portfolio is rounded off by:

- Sideloaders
- Interchangeable systems in different versions
- Special vehicles

ZOELLER **High-level lifters** for closed collection in residential and commercial areas

- The high performance DELTA:
The lifter system for the greatest collection performance

ZOELLER **Low-level lifters** for closed collection in residential and commercial areas

- The compact ROTARY:
The lifter for flexible collection
- The integrated GAMMA:
The lifter for the individual collection
- The comfortable OMEGA:
Large functionality in solid structure

ZOELLER **Commercial lifters** for the collection of large containers and commercial waste

- The Allrounder MEGA:
The sophisticated bulk-refuse container lifter for universal applications

ZOELLER guarantees with its platform strategy in time production of highest quality and absolute flexibility for individual customer requests.

ZOELLER stands for solidity and durability, high availability, sophisticated ergonomics and occupational safety, cost-effectiveness, internationality and technical innovation.
